BASE OF OPERATION DECLARATION FORM (1/4/2012 rev)

Please use this form to provide the health district with required information on your base of operation.
Temporary Event and Farmers' Market Vendors – use this form only if food is prepared off site

Most itinerant food vending operations and some temporary food operations require a separate **base of operation** to prepare and store food items, wash and store equipment and to provide an approved location for discharging wastewater, discarding trash or supplying an approved source of water in advance of or following the food service activity or event. A home kitchen cannot serve as a base of operation for a licensed food establishment, so a separate commercial grade kitchen is needed that can be operated in compliance with the requirements of the food service establishment regulations in Connecticut Public Health Code Section 19-13-B42. This can be accomplished by using an existing commercial kitchen that can accommodate your additional business needs, or by creating a new licensed commercial kitchen to support your food service operation.
