Data Source: Connecticut immunization registry CT DPH as of 12/8/2021. [^] Vaccination data for Mansfield includes current 12/8/2021 data from UCONN (<https://covidashboard.uconn.edu/>) ++ See Scotland note above. **At this time the state vaccination numbers are not broken down into the same age groups as the town level data and cannot be reported here. NOTE: census estimates for 65 and older is likely low, resulting in 100% rates based on actual number of vaccines provided to this age group.

NOTE: All counts by town are cumulative and include confirmed cases and antigen-positive cases; counts can change from previous weeks due to the state reassigning a case to a different town once further information is gathered on the case, or due to lab reporting delays.
