Data Source: Connecticut immunization registry CT DPH as of 8/11/2021. <sup>^</sup>Mansfield total % fully vaccinated likely low due to significant UCONN student population counted in town census that uses hometown for vaccination data reporting; population based on 2019 census. ++ See Scotland note above. \*\*At this time the state vaccination numbers are not broken down into the same age groups as the town level data and cannot be reported here. NOTE: census estimates for 65 and older is likely low, resulting in 100% rates based on actual number of vaccines provided to this age group.

EHHD Confirmed Weekly Case Totals March 14, 2020 - December 31, 2020

EHHD Confirmed Weekly Case Totals January 1, 2021 - August 7, 2021

Eastern Highlands Health District Total COVID-19 Cases  
Percentage by Age Range through August 7, 2021

NOTE: All counts by town are cumulative and include confirmed cases and antigen-positive cases; counts can change from previous weeks due to the state reassigning a case to a different town once further information is gathered on the case, or due to lab reporting delays.
