

Position Announcement

Eastern Highlands Health District Public Health Project Specialist

The Eastern Highlands Health District (EHHD), a local public health district serving ten towns, has an immediate opening for an interim, grant funded full-time public health project specialist. Primary responsibilities include project coordinator for the EHHD Plan4Health initiative, assistance with employee wellness program, and other public health related activities as needed.

Bachelor's degree in public health or a related field is required, Master's degree preferred. Experience in community health, health promotion, and coalition building desirable. Excellent oral and written communication skills are a must. Hiring range is \$27 - \$30 per hour. There are some employee benefits associated with this position.

More information on the Plan4Health initiative can be found at:
<http://www.ehhdchart.org/projects>

Job applications must be completed at www.mansfieldct.gov/jobapp. Resumes and letters of interest may be submitted to HR@mansfieldct.org. Application review will begin immediately. **EOE/AA**
