
H1N1 Influenza Vaccination Sources

At this time, the H1N1 influenza vaccine is widely available in the community.

Try one of these options for the vaccine in your community:

- Your health care provider
- Local medical walk-in clinics (such as the MedEast clinics in Tolland and Willimantic, and those located in pharmacies or other stores)

COMMUNITY CLINICS

There will be a free regional H1N1 Vaccination Clinic on Saturday March 6th, 10:00 am to 1:00 pm, at the Backus Outpatient Care Center in Norwich.

This clinic is being run by several health departments in our region and is open to all. If you would like to attend this clinic, please register by clicking on the following link:
